Products for the sewerage industry

Tank

Using the same techniques developed through many years experience of GRP tank manufacture CAPVOND produce a range of products suitable for use by the Sewerage Industry. These include:

- * FLUME LINERS
- * SCUM BOARDS
- * 'V' NOTCH WEIR PLATES
- * LIDS AND HATCHES
- * SUMPS
- * ENCLOSURES

Produced to specific design all components are manufactured to the highest specification to ensure many of trouble-free use.

Contact our design team to discuss any requirements you may have for GRP products in this field of operation.
