

# GRP ENCLOSURES

At **CAPVOND PLASTICS**, we manufacture a wide range of glassfibre mouldings for building and plumbing, including glassfibre **enclosures** and **pump houses** both one-piece and sectional, some of which you may have a requirement for. The manufacturing of these can provide cost effective and money saving solutions for products or methods currently in use.

## TYPICAL ENCLOSURE DETAIL

- Electrics, internal partitioning and mounting boards all available on request
- Internally the enclosure can be supplied insulated to suit "U" value requirements
- Exterior finish, smooth or stone cast, drydash or brick effect
- Can be manufactured to any British Standard or RAL colour and finished in any standard aggregate
- Apex roofs available to suit design
- Flat roofs sloping gently to the rear
- Composite walls give added strength and durability
- Louvre vents give added ventilation
- Double or single doors available to suit size and specifications
